

2021 Cookie Tycoon Program

A mogul is born every minute, and she looks like a Girl Scout! Teen Girl Scouts can take the Girl Scout Cookie Program to a whole new level – by empowering a contact at their favorite local business to sell at their storefront. If a Girl Scout has a *personal* contact with a local sole proprietorship business, she may set up one unattended booth at that place of business; however, the booth may not be at a large business that would normally hold a troop attended cookie booth.

For Girl Scout:

- Each girl is limited to one business partnership.
- Her unmanned booth can occur only **January 18 through February 28**.
- Her booth must contain a display that clearly identifies the cookie varieties and the retail price of \$5 per package.
- Her booth must mention who the sale of the cookies benefits (i.e. troop number, council name, girl name).
- The Girl Scout (and her parent/guardian) assume liability for all the cookies the merchant receives to sell to benefit the troop/girl.

Merchant Information:

- Merchant should accept cash only from customers for payment of cookies in this program.
- Money collected for the payment of cookies cannot be combined with regular transactions of the business.

Examples of businesses that should **not** be selected are Sam’s Club, Walmart, Target, Lowes Foods, Lowe’s Home Improvement, Harris Teeter, Ingles, Walgreens, etc. A bank could be selected, but is limited to one local branch only. Other acceptable locations would be a dry cleaning business, small convenience store, insurance office, dentist office, restaurant (cannot be a chain restaurant), etc.

Girl Scouts wanting to take advantage of this program must complete and return the Cookie Tycoon Agreement (located on the next page of this handout) to the Product Program department at info@girlscoutsp2p.org or 336-369-7476 (fax) at least three business days prior to the unattended booth. It is the Girl Scout’s responsibility to ensure her troop cookie volunteer is aware of her participation in the program!
