

### **Girl Scout Tree Promise™**

Join our mission to protect the planet from the effects of climate change.

With the [Elliott Wildlife Values Project](#) and [American Forests](#) we are launching a bold tree planting and conservation initiative. Girl Scouts is setting out to plant five million trees across the country in five years, and to protect and honor new and existing trees. Not only is this great for wildlife, it will also help ease the effects of climate change.

### **Unlock the Girl Scout Tree Promise patch!**

Take the Girl Scout Tree Promise and plant, protect, or honor trees!

Record the trees you plant in the [online tree tracker](#).

Visit the Girl Scout Shop for your [Girl Scout Tree Promise patch!](#)

## Additional Resources

Want to learn more about how to protect and honor trees as a citizen scientist? [Join scientists from around the globe](#) in their efforts to save more trees!

Download the [Girl Scout Tree Promise Program Toolkit](#) (PDF). This toolkit includes patch activities that Girl Scout troop leaders and councils, community partners, and families can use to encourage girls' interest in tree planting, climate change, and biodiversity.

**Let's get started!** Check out this national directory to find tree planting partners and resources.
