How They Do It

*Girl-Led
Cooperative Learning
Learn by Doing*

Girl-Led

How do girls have a voice in the event?

Cooperative Learning

How will girls work together toward a goal?

Learn by Doing

How will girls realize what they've learned and that it may be applicable in other situations?

When girls participate in Girl Scouts, they benefit in five important ways:

Strong Sense of Self

Girls have confidence in themselves and their abilities and form positive identities.

Positive Values

Girls act ethically, honestly and responsibly and show concern for others.

Challenge Seeking

Girls take appropriate risks, try things even if they might fail and learn from mistakes.

Healthy Relationships

Girls develop and maintain healthy relationships by communicating their feelings directly and resolving conflicts constructively.

Community Problem Solving

Girls desire to contribute to the world in purposeful and meaningful ways, learn how to identify problems in the community and create "action plans" to solve them.

Girls come up with their own ideas, build teams and experience the joy of making a positive impact on those around them.
