

Girl Scout History Patch

Provided by the GSCP2P
History and Archives Committee

This patch provides a way for troops to explore the history of our council and Girl Scouting. All troops will discover Girl Scout history, connect with what they know about Girl Scouts in the present and take action by sharing what they've learned.

This patch can be earned by all Girl Scout age levels. Girls and troops earning this patch are four steps closer to earning the Girl Scout Way badge.

Resource boxes are available in each of our four service centers. The History and Archives Committee is available for questions, displays, programs and suggestions.
