Participate in our Fall Product Program!

Our Fall Product Program combines program activities for girls with money-earning opportunities for troops. The program also provides an opportunity for girls to learn these five key skills: Goal Setting, Decision Making, Money Management, People Skills and Business Ethics. The Fall Product Program enables troops to earn start-up funds for the membership year by selling magazine subscriptions, nuts and candies.

Who Can Participate?

- That are registered for the 2025-2026 membership year.
- That are using the candy/nut order card and have a registered Troop Fall Product Manager who has completed the 2025 Fall Product Training and submitted a signed Troop Fall Product Manager Agreement.

How to Place In-Person Girl Orders in the M2 System (Due by 11:59 p.m. on October 22)

If you have not received an e-mail invitation to activate your M2 site access by October 13, please contact your Service Unit Fall Product Specialist.

Step 1 – Access M2 System and Update Contact Information

You will receive an e-mail invitation from M2 that explains how to get started. As the e-mail will explain, you will be taken to www.gsnutsandmags.com/gscp2p (click the volunteer link) to set up your account. Once set up, you will have access to your Troop Dashboard. The Troop Dashboard allows you to manage your troop, send messages to your girls, enter/verify in-person orders, verify reward choices and view reports. Girl information will be preloaded into the system by the council. Volunteers cannot add girls' names to their troop rosters.

Step 2 – Add Girl Orders

Parents can enter their daughter's in-person candy/nut orders (orders taken on order card) into the M2 system during the sale. The deadline for parents to enter all in-person orders is 11:59 p.m. on October 20. All online sales will be automatically tabulated by the M2 system. Any orders not entered by parents during the sale must be entered by the troop volunteer between 12:01 a.m. on October 21 and 11:59 p.m. on October 22. To add girl orders from the Troop Dashboard, choose Paper Order Entry and click the pink pencil next to the girl name. Enter her in-person candy/nut items by variety.

Rewards are automatically calculated. Parents/girls and troop volunteers may view the rewards earned. If there are choices or size options, these selections can be made here and should be finalized by parents before 11:59 p.m. on November 14.

Once a girl has earned her personalized patch, it will be created and sent automatically. Parents will be asked for the delivery address as part of the set up process for the girl's online site. Once a patch is earned and triggered for production, no changes can be made to the M2 avatar or the patch background selection choice.

Step 3 – Submit Nut/Candy Order

All in-person orders entered in the M2 system are final as of 11:59 p.m. on October 22. Since order information is automatically transferred, there is no submit button. If changes are required after October 22, contact your Service Unit Fall Product Specialist immediately for assistance.

Step 4 – Picking Up Items for Girl Delivery/Recognitions

Your Service Unit Fall Product Specialist will provide a date, time and location to pick up candy/nut items ordered for girl delivery between November 13-15. Count and recount your items before signing for them. Recognitions should ship in December.

For a breakdown of candy/nut and recognition items to distribute to each girl, go to your M2 dashboard and run the Delivery Tickets report. For candy/nut items, under Product Delivery Tickets, select Create Ticket under Girl Scout Tickets. For recognitions, under Reward Delivery Tickets, you must scroll down to select Create Ticket under Girl Scout Tickets.

Care to Share

This council service project stocks candy/nut items in our local food banks. Each girl who sells at least five units (each unit is \$7) to donate to our Care to Share program will earn a special patch. Items sold for this service project are delivered directly to our local food banks. Troops do not handle these items.
