Out of the Ordinary!

We are challenging girls to think “out of the ordinary” for the 2027 Girl Scout Cookie Program. Instead of doing the “same old, same old,” we want girls to think about what they can do that is “different” than previous years to increase their sales this cookie season. Then, we want girls to capture those “out of the ordinary” ideas and events that will lead to success and share them with us. Girls new to the cookie program are also welcome to participate. All girls who submit an entry will be entered in a drawing to receive a 50-package credit of cookies for the Cookies for a Cause service project. If multiple girls are in the photo/recording of the drawn entry, each Girl Scout in the photo will receive a 10-package credit of cookies for the Cookies for a Cause service project.
